

# CedarCare Wellness Clinics

## Business Profile

---

### Tagline

**Same-day telehealth + neighborhood clinics** (Beirut · Jounieh · Tripoli)

### Mission

Make preventive healthcare easy and affordable for busy families in the MENA region.

### Our Care Model

Start online, finish nearby. Patients begin with same-day telehealth; when hands-on care is needed, we route them to a nearby clinic. After each visit, we provide clear, plain-language instructions.

### Services

- Primary care for adults & children
- Same-day telehealth consultations
- Laboratory services (bloodwork, basic diagnostics)
- Nutrition coaching
- Physiotherapy
- Care navigation & post-visit guidance

### Who We Serve

Adults and children seeking quick access to trusted clinicians without surprise bills. We support English and Arabic.

### Why CedarCare is Different

- **30-minute care promise:** shorter waits from check-in to clinician.
- **Transparent pricing:** total cost shown up front.
- **Smart triage:** our AI assistant routes each case to the right clinician/service on the first try.

### Locations & Hours

- **Locations:** Beirut, Jounieh, Tripoli (regional expansion planned)
- **Hours:** Mon–Sat, 08:00–20:00; limited Sunday urgent slots (telehealth only)

### How Booking Works (3 steps)

1. **Triage online** (2–3 minutes).
2. **Telehealth now** or schedule **in-clinic** when hands-on care is required.
3. **After-visit plan** with next steps, referrals, and follow-ups.

## Pricing & Insurance

- Up-front quotes provided after a brief triage, before you confirm.
- No surprise bills. Invoices suitable for reimbursement where available.

## What We Don't Do

CedarCare is not an emergency service, does not perform surgery, and does not provide inpatient care. For emergencies, contact local emergency services immediately.

## Quality & Safety

- Licensed clinicians following evidence-based guidelines.
- Medication safety checks and allergy review during every encounter.
- Secure records with strict access controls.

## Contact

- **Website:** [cedarcare.health](https://cedarcare.health) (simulated)
- **Phone:** +961-1-000-000
- **Email:** [hello@cedarcare.health](mailto:hello@cedarcare.health)

## Next Step

Book a teleconsult in minutes or request an in-clinic appointment. If you'd like pricing or a formal quote, please share your **name and email** so our team can follow up.
